**RESPONSE TO REQUIREMENT FOR  
ELECTION OF SPECIES**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This is in response to the Office Action which issued in the above-identified application on June 17, 2010, requiring an election of species among those species identified by the Examiner as follows:

Species A, which the Examiner characterizes as being illustrated in Figure 1;  
Species B, which the Examiner characterizes as being illustrated in Figure 16;  
Species C, which the Examiner characterizes as being illustrated in Figure 21;  
Species D, which the Examiner characterizes as being illustrated in Figure 25; and  
Species E, which the Examiner characterizes as being illustrated in Figure 29.  
Applicants elect, without traverse, Species I, on which claims 1-6, 9-11, 24-28,  
and 34-38 read.

It is respectfully submitted, at least claims 1, 9, 10, 11, 24, 26, 27, 28, 34, 36, 37  
and 38 are generic because these claims also read on the species identified by the  
Examiner as Figs. 16, 21, 25 and 29.

Since this application contains generic claims, if any of these generic claims  
eventually is allowed, it is recognized that the instant requirement for an election of  
species will be withdrawn; and all claims which include the limitations of the generic  
claims, irrespective of the particular species on which those claims read, likewise will be  
allowed.

Applicants reserve their right to file one or more divisional applications, if  
necessary, to proceed with the examination of the non-elected claims.

An early examination on the merits of the claims of this application are  
respectfully solicited.

Respectfully submitted,

FROMMER LAWRENCE & HAUG LLP  
Attorneys for Applicants
